University of Gothenburg, Gothenburg, Sweden

University of Malta, Malta

University of Padova, Padova, Italy

University of Turku, Turku, Finland

University of Valladolid, Valladolid, Spain

Vives University of Applied Sciences, Bruges, Belgium

Zuyd University of Applied Sciences, Heerlen, The Netherlands

Dear international SLP student

On behalf of all SLP-IN board representatives, we would like to invite you to attend the 30<sup>th</sup> edition of the Speech-Language Pathology Summer School [SLP-SS], to be held at the University of Malta, between August 18 and August 25, 2024.

Our network is an example of how people from different backgrounds, races and religions could work together to the benefit of many communities.

The scientific program will combine educational challenges, interactive sessions and lectures as well as international group work, all under supervision of international SLP faculty and experts. This year's themes will focus on:

- Innovative Technology Applications for SLPs
- Ageing: From Adolescence Onwards in the Field of SLP
- Interprofessional and Intercultural Practice for SLPs
- Advanced Treatment Techniques in SLP
- Exploring Global Perspectives within SLP

In addition to the scientific program, we will also prepare a social program for students and faculty.

The SLP-SS will give you a unique opportunity to work together with approximately 100 SLP students and 30 international SLP faculty and experts coming from 21 SLP-departments across the globe.

We hope to welcome you to our event!

Warm regards,

SLP-IN steering committee
